2020 Grant Awards

UNITED THANK OFFERING *2020 Grant Awards*

Thank you to everyone who, through a personal spiritual discipline of gratitude, contributed to the United Thank Offering's 2019 Ingathering. As a result of your gratitude and generosity, we raised \$1,548,013.66 in thank offerings.

Of this, \$30,600 went to support 6 Young Adult and Seminarian grants within the focus of Holy Gifts: bringing together our blessings and gifts to breathe love, liberation, and life into our communities. Additionally, UTO awarded 27 grants as a part of the annual grant process that utilizes the remainder of the 2019 Ingathering funds, or \$1,484,693.66. This year, the focus of our granting process

was Bless: Share faith, practice generosity and compassion, and proclaim the Good News of God in Christ with hope and humility. The UTO Board received almost \$3.4 million in requests in 2020. With your help and the encouragement that you give to others to join the United Thank Offering, we hope to raise additional funds in the coming year to support even more of our wonderful applicants next year. Remember that every penny given to the United Thank Offering is given away the following year to support innovative mission and ministry in The Episcopal Church. Since our official founding in 1889, UTO has awarded 5,331 grants for a total of \$140,177,924.73. (For a complete list of all UTO grants, please visit www.episcopalchurch.org/UTO and click on the Resources tab at the bottom of the page.)

The United Thank Offering Invites Every Episcopalian to:

Notice the good things that happen each day.

Give thanks to God for your blessings.

Make an offering for each blessing. Through UTO, your *Blessings* become blessings for others.

UTO GRANTS

Regular Cycle Grants

This year the UTO Board received 59 applications and were able to fund 27 grants, including four historical grants (explained below). One grant supports a diocese that receives block grants from General Convention. Four grants (including one historical grant and one to a Covenant partner) fund projects in the Anglican Communion. Four grants are companion projects, meaning two dioceses that have a relationship with one another, working together on a grant project. The remaining 15 grants are to projects within The Episcopal Church.

Historical grants are awarded each year by the UTO Board for projects that fall outside of the regular parameters of our granting process but within the historical practices of UTO. When UTO was founded, the Ingathering Funds were used to send and support UTO Missionaries. In 1923, the Emery Trust (335) was created to care for the Emery Lounge and Rooms and the items contained there, in addition to supporting the rest, formation, and care of the UTO missionaries. The Emery Trust funded the Gifts to Missionary grant until 2006 when it stopped being utilized. Beginning in 2018, with thanks to the Executive Council, Archives and Global Partnerships team, the UTO Board was able to award the trust to

support missionaries or the upkeep of archival UTO materials. We will always list this grant along with the annual awards, just as was done in the past, however, we will demarcate the award as being from the trust. Additionally, in the spirit of the early UTO missionaries, the UTO Board continues to support young women through our internship program. This internship gives young women an opportunity to experience intentional mentoring and opportunities to learn, grow, and discern where God is calling them next in their life adventures. It also helps them share the ministry and work of UTO with others. The final grant listed below is part of a practice the UTO Board created years ago to support and partner with the Presiding

Bishop. Historically, UTO has funded grants to the Domestic and Foreign Missionary Society to support new work that the church budget had not yet expanded to fund. These awards have supported everything from staff positions, conferences, creation of educational resources, to contributing to building projects. A few years ago, UTO offered a challenge grant to raise funds for a project of particular need and interest. This year, UTO offered a second challenge as well as a pilgrimage to Spain to support the establishment of a permanent Anglican presence in Santiago due to the significant spiritual importance of the Camino de Santiago to Christians everywhere.
