

Exhibit D

Companies Subject to No-buy Portfolio Restrictions

The Domestic & Foreign Missionary Society
Episcopal Church Executive Council
Corporate Social Responsibility Committee
Adopted June 2023

The Corporate Social Responsibility Committee, a subcommittee of the Executive Council establishes the directives for socially responsible investments. These directives are largely guided by recommendations from the ICCR (Interfaith Center on Corporate Responsibility) with respect to shareholder activism and other socially responsible investment issues.

There are five portfolio restrictions in place based on policies adopted by the Executive Council. They are:

- Human rights: Shares of companies supporting or benefiting from denial of human rights consistent with policies adopted by General Convention or Executive Council.
- Militarism: Shares of any company (a) among the top five U.S. defense contractors, measured in dollar volume of sales or (b) any company among the top 50 defense contractors that receives more than fifty percent of its revenues from military contracts.
- For-profit prisons: Shares of companies that operate for-profit prisons
- Tobacco products: Shares of companies that manufacture and sell tobacco products
- Fossil fuels: Shares of companies where more than 10% of revenue is derived from fossil fuels

The following is a list of companies subject to portfolio restrictions based on Episcopal Church policies.
